

ROOTZ

031 (Pty) Ltd

ROOTZ 031 BUSINESS UNIT (PTY) LTD (TRAINING)

FACT SHEET

The Training Unit of Rootz 031 serves as the company's dedicated arm for skills development, training delivery, and education partnerships. Guided by national SETA frameworks and client needs across different industries.

The unit is responsible for designing, coordinating, and monitoring training programmes that align with Rootz 031's vision of community empowerment and workforce readiness.

CORE FUNCTIONS

- Training Coordination: Planning and managing accredited and non-accredited training programmes across sectors.
- Stakeholder Partnerships: Collaborating with SETAs, TVET colleges, and corporate partners for workplace skills development.
- Quality Assurance: Ensuring training delivery meets compliance standards (SETA, QCTO, SAQA).
- Workplace Integration: Facilitating learner placements, internships, and experiential training opportunities.
- Monitoring & Reporting: Producing structured reports for internal use, partners, and funders.

KEY ACHIEVEMENTS

- Established partnerships with Guest Resource (Training Provider) and Try Eazy Electrical Solutions (Training Provider).
- Conducted Training Needs Analysis (TNA) to identify and bridge workforce skills gaps.
- Expanded collaboration with TVET Colleges to support workplace readiness programmes.
- Developed proposals for specialised training projects including Limpopo spaza shop skills upliftment and Western Cape refrigeration technician programme.

STRATEGIC FOCUS (2025–2026)

- Scale training reach through SETA-accredited, non-accredited and Industry funded programmes.
- Formalise collaborations with TVET institutions across Gauteng, Limpopo and other provinces of interest.
- Deliver tailored corporate training solutions for our clients and partners.

- Launch industry-specific training pilots in logistics, mechanical, mining, and technical trades.
- Strengthen digital systems (automation & intranet) for monitoring and reporting internally.

TRAINING COORDINATOR:

PAUL RANGAZA

Paul Rangaza is a committed and dynamic Training Coordinator at Rootz 031, where he leads the company's training initiatives, builds strategic training partnerships, and ensures compliance with sector standards. With a background in Political science, Philosophy & Economics (PPE) and experience across multiple industries, Paul combines analytical thinking with practical coordination skills. He plays a central role in turning Rootz 031's vision into action — from planning and managing training projects to engaging stakeholders and driving operational readiness. His work not only strengthens Rootz's reputation as a trusted and agile training provider but also reflects his passion for skills development, collaboration, and long-term impact.
